

ABOUT STORPH IT CONSULT

"Your Vision, Our Expertise"

CERTIFICATES

Our Mission

At Storph I.T Consult, our mission is to empower businesses and individuals through innovative and reliable technology solutions.

We are committed to delivering exceptional IT services that enhance productivity, security, and efficiency.

Our goal is to build long-lasting relationships with our clients by consistently exceeding their expectations and helping them achieve their technological and business objectives.

WHO WE ARE

In today's rapidly evolving digital landscape, businesses require innovative and reliable IT solutions to stay competitive. Storph IT Consult stands out as a leader in providing comprehensive IT consulting services, tailored to meet the unique needs of each client.

Our Vision

Our vision is to be a leading IT consulting firm recognized for our expertise, innovation, and dedication to excellence.

We strive to create a future where technology seamlessly integrates into every aspect of business and life, driving progress and transforming challenges into opportunities.

We aim to be at the forefront of technological advancements, continually adapting and evolving to meet the ever-changing needs of our clients and the industry.

OUR Expertise

Network Support

Custom Network Solutions: We create tailored network solutions that align with your specific business requirements and goals.

Infrastructure Setup: Our team sets up the entire network infrastructure, including routers, switches, firewalls, and wireless access points.

Scalability Planning: We design networks that can scale with your business, ensuring future growth is seamless and cost-effective.

Commercial Photography Services

Corporate Photography: Professional headshots and portraits of your team members, perfect for websites, LinkedIn profiles, and marketing materials.

Architectural-Estate Photography: Capturing the beauty and functionality of interiors and exteriors, perfect for real estate listings and architectural portfolios.

Custom Software Development Services

Web Applications: Developing scalable and secure web applications tailored to your business requirements.

API Development and Integration: Designing and integrating APIs to enable seamless communication between different software systems.

Cloud Application Development: Designing and developing cloud-based applications that offer scalability, flexibility, and accessibility.

Key Values

Innovation: We embrace creativity and strive to develop cutting-edge solutions that address the unique challenges of our clients.

Integrity: We conduct our business with honesty and transparency, ensuring trust and reliability in all our relationships.

Excellence: We are dedicated to delivering the highest quality of service, maintaining rigorous standards and continuous improvement.

Client-Centric Approach: Our clients are at the heart of everything we do. We prioritize their needs and work closely with them to achieve their goals.

Collaboration: We believe in the power of teamwork and foster a collaborative environment both within our company and with our clients.

OUR MANAGEMENT TEAM

Dr. Evan Sobolo

General Manager

At the helm of Storph I.T Consult is Dr. Evans Sobolo, a distinguished expert in the field of technology.

With over 20 years of extensive experience, Dr. Sobolo brings unparalleled expertise in programming, networking, and cybersecurity to our team. His leadership and technical prowess have been instrumental in shaping the innovative solutions we offer to our clients.

Dr Alotey Sereboa

Chief Technology Officer

At Storph I.T Consult, we are proud to have Dr. Alotey Sereboa as our Chief Technology Officer.

With 15 years of experience in the field of technology, Dr. Sereboa is a distinguished expert in telecommunications, networking, and cybersecurity. His vast knowledge and expertise, backed by prestigious certifications such as CISA, CISM, and CCNP, make him an invaluable asset to our team and our clients.

Dr Ntiamoah Hayford

Chief Finance Officer

Dr. Hayford's journey in the financial sector began with a robust foundation in accounting. His deep understanding of financial principles and practices ensures that Storph I.T Consult operates with financial integrity and efficiency.

His strategic vision and financial acumen are instrumental in helping our clients achieve their business objectives through sound financial planning and management.

"Transforming Technology, Elevating Experiences."
